There is a very high demand for these appointment slots, and they fill up very quickly. If there are no appointments available, it is because we are fully booked for the month. Appointments can occasionally become available throughout the month if other clients cancel or reschedule.

Please note that to ensure all clients have a fair opportunity to access our services we do not allow multiple bookings for the same service and pet (i.e. a spay surgery for Fluffy booked twice in our system). Any clients that choose to do so may be at risk of having their appointments cancelled.
